- (d) A requestor shall be permitted to use facilities comparable to those available to city employees to inspect, copy or abstract a record.
- (e) The legal custodian may require supervision during inspection or may impose other reasonable restrictions on the manner of access to an original record if the record is irreplaceable or easily damaged.
- (f) A requester shall be charged a fee to defray the cost of locating and copying records as follows:
 - (1) The cost of photocopying shall be \$0.25 per page. Such cost has been calculated not to exceed the actual, necessary and direct cost of reproduction.

Sec. 2-270. Access procedures.

- (a) A request to inspect or copy a record shall be made to the legal custodian. A request shall be deemed sufficient if it reasonably describes the requested record or the information requested. However, a request for a record without a reasonable limitation as to subject matter or length of time represented by the record does not constitute a sufficient request. A request may be made orally, but a request must be in writing before an action to enforce the request is commenced under Wis. Stats. § 19.37. Except as provided below, no request may be refused because the person making the request is unwilling to be identified or to state the purpose for the request. No request may be refused because the request is received by mail unless prepayment of a fee is required under section 2-269(f)(6). A requester may be required to show acceptable identification whenever the requested record is kept at a private residence or whenever security reasons or federal law or regulations so require.
- (b) Each custodian, upon request for any record, shall, as soon as practicable and without delay, either fill the request or notify the requester of the authority's determination to deny the request in whole or in part and the reasons for denial. If the legal custodian,

after conferring with the city attorney, determines that a written request is so general as to be unduly time-consuming, the party making the request may first be required to itemize his request in a manner that would permit reasonable compliance.

- (c) A request for a record may be denied as provided in section 2-271. If a request is made orally, the request may be denied orally unless a demand for a written statement of the reasons denying the request is made by the requester within five business days of the oral denial. If a written request is denied in whole or in part, the requester shall receive a written statement of the reasons for denying the request. Every written denial of a request shall inform the requester that if the request for the record was made in writing, the determination is subject to review upon petition for a writ of mandamus under Wis. Stats. § 19.37(1), or upon application to the attorney general or a district attorney.

(Code 1983, § 3.07(5))

Sec. 2-271. Limitations on right to access.

- (a) As provided by Wis. Stats. § 19.36, the following records are exempt from inspection under this article:
- (1) Records specifically exempted from disclosure by state or federal law or authorized to be exempted from disclosure by state law.

 - (4) A record or any portion of a record containing information qualifying as a common law trade secret.
- (b) As provided by Wis. Stats. § 43.30, public library circulation records are exempt from inspection under this section.
- (c) In responding to a request for inspection or copying of a record not specifically exempt from disclosure, the legal custodian, after conferring with the city attorney, may deny the request, in whole or in part, only if he determines that the harm to the public interest resulting from disclosure would outweigh the public interest in full access to the requested record. Examples of matters for which disclosure may be refused include but are not limited to the following:
- (1) Records obtained under official pledges of confidentiality that were necessary and given in order to obtain the information contained in them.
 - (2) Records of current deliberations after a quasi-judicial hearing.

 - (7) Communications between legal counsel for the city and any officer, agent or employee of the city, when advice is being rendered concerning strategy with respect to current litigation in which the city or any of its officers, agents or employees is or is likely to become involved, or communications privileged under Wis. Stats. § 905.03.
- (d) If a record contains information that may be made public and information that may not be made public, the custodian of the record shall provide the information that may be made public and delete the information that may not be made public from the record before release. The custodian shall confer with the city attorney prior to releasing any such record and shall follow the guidance of the city attorney when separating out the exempt material. If in the judgment of the custodian and the city attorney there is no feasible way to separate the exempt material from the nonexempt material without unreasonably jeopardizing nondisclosure of the exempt material, the entire record shall be withheld from disclosure.

(Code 1983, § 3.07(6))
