

# Adopt-A-Flower Basket

City Of Brillion

Make an investment in your community—Adopt-a-Flower Basket! Your donation helps offset the cost of the City's hanging flower basket program. The hanging flower baskets enhance the aesthetic appeal of the City. Staff maintain the individual flower basket along Main Street in Brillion.

## How Does the Program Work?

- Donors select the location and pay \$60 per basket.
- Spots will be given out on a first come basis until all the spots are filled.
- The City will place decorative name plaques with the donor's information on each pole. If you have donated in prior years your name may still be on a pole.
- Schroth's Floral will plant the baskets in spring.
- The City staff will have the baskets before Memorial Day and maintain the baskets all summer long until the end of September depending on the season.
- Donors will also be recognized on the City's website, Facebook page, in the City Newsletter, and in the "Brillion News".
